## **Why Magician Matias should perform at your party**

---

There are many magicians out there; but even though they all have different tricks or style, it is basically the same type of magic show.

However people are changing. They are becoming more informed and more demanding and are seeking new and exciting experiences. I offer that new experience by combining Magic and a Story into one show full of Magic, Humor and Entertainment that includes lot of interaction with the guests.

Why Me? Because the Magic I do is the best ice-breaker, and it also creates an emotional engagement between you and your guests. In other words it is the best way to enhance any event and will make your guest experience unforgettable. You may ask, how do we go about doing this? The answer is: by creating a unique and magical experience revolving around your event.

Are you ready? Then let me show you my work.

### International Magician Matias Letelier

I'm a 100% full time Magician, performing my Interactive Magic and Comedy Show more than 100 times per year. I was one of the best magicians in Chile before moving to the USA, where I got married with my lovely wife Marlana. But wait, this wasn't just luck...

All began 8 years ago in Chile, where I inherited a magic library from my uncle and Magician Jorge Barriga (1962-2004). It was then when I decided to take this hobby to the professional level fusing it with my business and marketing knowledge. So I studied magic including Theory, Promotional Magic, Corporate Magic, Theatrical Magic and Communication Skills, and then developed a unique and magical experience where my guests are part of the magic, because magic is not about the magician... magic is about all of us together letting our imagination flows with the magic. And with my style, my charming accent, my love for magic and my great stage presence and communication skills, I'm definitely ready to take you into the world of magic. That is why I always tell my clients....

**Leave the Entertainment in my hands!**

<sup>1</sup> This Pontifical Catholic University of Chile is to be considered to have the best Business School of Chile and also it has lots of connections with USA universities and colleges. More information available on [www.puc.cl](http://www.puc.cl)

## Magic Trick Descriptions

---

Here is a quick review of some of the tricks and illusions I perform during my shows:

- **“News” illusion:** this is a big illusion in which your guests will answer some questions. Then the magician will reveal a prediction with all the answers that were given before. This question could be related to the company as well.
- **Experiences Routine:** a great routine in which one of your guests will experience what is it to be a magician by performing a trick. This is an unforgettable experience.
- **Exploding Crystal Glass Illusion:** the magician will make a glass explode by using everyone’s mind powers.
- **Fire Book:** A great overture where Magician Matías is on stage with a fire book, inviting the guests to join and enjoy the Magic Show.
- **Flying Linking Rings Illusion:** beautiful illusion where the magician will link some rings while they are floating in the air.
- **Follow the Lady:** In this trick your guests will have to follow a big Queen of Hearts. Hilarious!
- **Guillotine:** hilarious version of the French guillotine in which Matías will show you how to cut a banana. But wait, there will be more!
- **Impossible Miracle:** very interactive game where your guest will name a card. The interesting part is that there is a prediction made by the magician before the trick begins that matches this card.
- **Light in my hand:** the magician will play with a red light in his hand, and then he will throw it to a screen where it will create the brand name or logo or something related to the company/event.
- **Magic Sketch pad:** The Magician will ask the guests to sign a book. Then he will make all the lines turns into the brand name or logo, or something else related to the company/event.
- **Metamorphosis:** in this world class illusion the magician will switch places with his assistant.
- **Multiplying Wine bottles:** excellent trick in which some wine bottles will start multiplying until there are eight of them on the table.
- **Paper from the Mouth Illusion:** 100% laughs guarantee. This trick mixes magic and comedy in an amazing paper routine.
- **Rising Card Illusion:** great trick in which the magician will make a spectator’s card rise up on a sketch pad.
- **Rope and Glass Illusion:** after one guest pulls out a thirty foot rope from magician’s sleeves, he will make a glass of water appear from the same place.
- **Russian’s Roulette Illusion:** the classic illusion performed with electronic drills. Scary!
- **Sands of the Desert illusion:** very visual trick where the magician will make some clear water turn dark. Then he will show three different colored sands and mix them all. After that he will separate them out one by one and will then make the water turn clear again.
- **Shadow Box Illusion:** The Magician or CEO will appear inside a magical shadow box.
- **Shrinking & Growing Head illusion (S&GH):** Great trick where the magician will make his head grow or shrink. Very impressive!
- **Silk games:** in this corporate game the magician will put some silks into a bag, and then when he takes them out they will create the brand name or the name of a person or something else.
- **Wine box:** the magician will have a deck of cards locked inside a crystal box. Then he will ask seven people to hold a key and think of a name of some wines. Then only one will be able to open the box to find out that the only card face down has the name of the wine he was thinking of printed on the face. It can also be done with something related to the company/event.

## Stage Show Requirements

---

### STAGING

If you are planning to have your event in a large venue, I would recommend you...

- ♦ To set up the tables in a way they get the closest possible to the stage area. This will organize the room for a better show.
- ♣ If the audience size exceeds 80 people, it is recommended that there is a riser at least 12 feet deep and 20 feet long.
- ♥ If the stage is to be shared with another performer or band, please call to discuss.
- ♠ If the room is rectangular, place the stage in the middle of the long side of the rectangle. The room then becomes more intimate and makes for a better show.

### SOUND

Magician Matias works with a professional sound technician who provides all the sound system requirements. The cost of the professional sound system is \$ 100.00. However, it is OK if you already have your own sound system or DJ and want to use his services instead. Just make sure you the Dj has the following items:

- ♦ **One wireless lavalier or head set** microphone. This is **very important**.
- ♣ Two speakers on the stage area for small groups. For large groups or outdoors performance, we recommend two additional speakers on the side and 2 on the rear.
- ♥ Sound system (CD player, power and mixer) to play the music for the show.

*If your show is for less than 30 guests then I will include a basic sound system with no extra cost for you. However, for a better show I recommend you to have a professional sound system.*

### LIGHTING

No special lighting is needed if the stage area is easily viewed with the house lights up. However, if it is a dark room, a general stage wash is suggested. A spotlight is not needed if you weren't planning on having one anyway.
